## **Wooster Campus Building & Renovation**

We dream of a renewed footprint in Wooster, with more space for more people to find hope in Jesus.

## **Medina Lease & Building Updates**

Medina is growing and striving toward sustainability and self-support for 2025 and beyond. The challenges to get there include our lease expense and a security update for our kids ministry.

## **African Bible Institute Professor Training**

Thanks to the Institute, there are now around 100 churches with 50 pastors, in Cameroon. Our contribution would provide support for pastoral training.

## **Audio Players for African Evangelists**

We are supplying evangelists with solar-powered audio players pre-loaded with trauma care lessons and discipleship materials.

## **Dorcas Raber Missions Internship Support**

Dorcas Raber heads to Germany, to serve alongside Pastor Steve and Celeste Kern, providing support and care for refugees and displaced people from around the world.

## **Pregnancy Care Center "Changed Mind Bags"**

Every patient who chooses life receives a diaper bag filled with items for her pregnancy, a Bible, and some other small items.

## **Habitat for Humanity**

Sending volunteers & funding to put a roof over the heads of local families in Wayne and Medina counties.

## **Safe Harbor Picnic Pavilion and Walking Paths**

Safe Harbor provides a home and healing to young women who have been through sex-trafficking. Our hope is to support their efforts in creating outdoor retreat spaces.

## **Smiles are Forever**

Founded to put smiles on the faces of kids with pediatric cancer. We hope to fund two local children, in both Wayne and Medina counties, by proving support for trips or experiences.

## **Asia's Hope Playground Build**

Asia's Hope provides homes and care for children at high risk of sexual and economic exploitation. We want to provide playgrounds at the homes we support in Cambodia and Thailand.
